

- No "Collaborative" effort allowed. Students are expected to work themselves.
 - Its okay to discuss, but not okay to share code or ask others to code for you!!!
 - Penalty for late submissions.
 - *Severe penalty for academic dishonesty.*
1. Profile the code written by you for HW2 and HW3 using the tools discussed in the class.
 2. Provide a detailed call graph of the code.
 3. Discuss the performance of your codes in a report.
